

What's New – November 2006

Much has happened since our last newsletter in the summer! See below for more on our newest products and services:

Contour Step Barrel™

Contour Step Barrel™

Superior comfort and better ergonomics! Our new Spine Corrector has an elongated arch that fits a wider range of body types, and a rounded step that improves comfort and support. We've given it both dowel and cut-out handholds to accommodate a variety of exercises. Part of a new line of products, created in collaboration with Rael Isacowitz, that take the designs of Joseph Pilates to a new level of comfort and expanded performance. Retail price \$395.00

Contour Sitting Box

Contour Sitting Box

We've taken the edges off! To better fit the body and encourage a fuller range of motion. More comfortable for prone exercises (Swan) and supine long box exercises (Back Stroke), since there is no hard edge to interfere with body placement. Another of the new products created in collaboration with Rael Isacowitz. The perfect accessory for your Reformers. Retail price \$225.00

Reminder: Free Postings on our Job Board and Education Finder until the end of December!

Our online Job Board and Education Finder services have grown tremendously; providing great results for our partners. There are more than 140 employment opportunities for instructors to explore on the Job Board. While you'll find on the Education Finder more than 270 training sessions or workshops, offered by 17 of the world-leading Pilates education organizations. However, free postings to either service stop at the end of December. So take advantage today – post your available positions or trainings now.
