

What's New at BBI

Check out our new website!

Retooled for your browsing pleasure, www.pilates.com has never looked better. Articles and links make the site an invaluable resource of information for Pilates professionals and home enthusiasts alike. And check out our new Studio Finder, which helps Pilates students locate a Pilates class in their area. Our online store has also been expanded to include a wide array of exciting new products. Whether you're a veteran instructor or a first-time student, www.pilates.com is worth the bookmark.

Turn your Reformer into a Half Trapeze Combination

What's seven feet tall, rail-thin and doubles the number of exercises you can do on your Studio Reformer? Balanced Body's new Reformer/Half Trapeze Retrofit! Now available for purchase, the Half Trapeze bracket attaches to any wooden Balanced Body reformer. With the Reformer/ Half Trapeze Combo you can perform classic Cadillac exercises without buying an entirely new piece of equipment. Stretch your back with the Push-Through Bar, or curl with the Roll-Down bar. You've been asking for a product like this, and it's finally here for you!

Combo Chairs now with wheels

Do you get your Combo Chair workout just by picking it up and moving it? No more! Our Combo Chairs now have a set of transport wheels on the back, so moving your chair is as simple as a tilt back and a push. Already have an older chair without wheels? You can order a wheel retrofit kit by calling the Balanced Body Customer Service department at 1-800-PILATES. And because the Chair can now be easily transported and stored, it makes group chair programming easier than ever!

New catalogs are available!

Real people, real studios, beautiful equipment. The 2006 catalog has arrived! With new products ranging from workout posters to apparel, the catalog is organized to better meet your needs. Different sections for professional studio equipment, home equipment, accessories and small items make your shopping faster and easier. You can order a catalog online by visiting the www.pilates.com homepage and clicking on "Contact Us / Free Catalog."
